Join us for a talk with Vox.com's Senior Health Correspondent, Julia Belluz to examine the role journalism plays in developing and disseminating accurate, data-driven information to the population at large. In a country that is both technologically advanced and economically unequal, evidence-based journalism is a necessary element to driving good Public Health policy and public awareness.
.....

Julia Belluz is a National Magazine Award-winning journalist covering medicine and public health for Vox.com. Julia's writing has appeared in Maclean's, the British Medical Journal, Slate, the Economist, and other publications. Outside of reporting, Julia speaks regularly at health care and journalism conferences the world over. She holds an MSc. from the London School of Economics and a B.A. from Ryerson University's School of Journalism. Find her on Twitter @JuliaOfToronto and LinkedIn.
